## *Overall Exam Strategy*

Focus on high-frequency long-answer topics first: management definition & importance, planning process & objectives, decision-making elements/process, delegation (necessity & factors) and delegation vs decentralisation, control (definition/importance/process/principles), motivation including Maslow, communication (types/characteristics/formal), and organisation/types. Prepare 1-page model answers for each and 2–3 one-paragraph responses for frequent 3-mark items (span of control, mental revolution, line-organization, scientific management, unity of command).
