Bas Pass Hona Hai: Study these exact granular topics — 'Definition of Organisational Behaviour', 'Scope of OB', 'Leadership (definition)', 'Leadership styles (named)', 'Personality: definition', 'Factors determining Personality', 'Types of Groups / Group Structures', 'Group decision making: importance & superiority reasons', 'Motivation: definition', 'Motivation: nature and different styles'. Yeh 10 topics together let you attempt at least 40–50% of questions because each paper repeatedly asks definitions/scope (OB, scope, personality, motivation), leadership & styles, group structures and group decision making which together form multiple short and long answer questions across all four papers. Focus on memorising exact definitions, named lists (4–6 items), and 2–3 short examples per topic so you can quickly write crisp 3-mark and 15-mark answers. Also revise Johari Window, Vroom's Expectancy Theory and Delegation of Authority as useful secondary picks — together with the primary ten they cover most long questions and half of short questions across the papers.
