Overall Exam Strategy

Bas Pass Hona Hai: Study these exact topic entries — 'Limited Liability Partnership: Definition & Characteristics', 'Condition vs Warranty and Implied Conditions in Contract of Sale of Goods', 'Bailment: Definition and Essential Elements', 'Cheque: Definition and Difference from Bill of Exchange', 'Promissory Note: Definition and Parties', 'Contingent Contract: Definition and Rules of Enforcement', 'Contract: Definition and Essentials of a Valid Contract', 'Negotiable Instrument: Definition and Characteristics'. Ye 8 granular topics cover at least 40-50% of questions because papers consistently repeat LLP, sale-of-goods (condition/warranty + seller's title), bailment/pledge, negotiable instruments (cheque/promissory note/holder in due course) and core contract essentials across years. Focus on memorising exact statutory definitions, pointwise lists (elements/essentials/rights/exceptions), and one or two short examples for each — kyunki exam format prefers crisp definitions plus enumerated points. Also practise one long-answer structure for Contingent Contract and for Seller's Title exceptions since they recur as 15-22.5 mark questions.
