Overall Exam Strategy

Bas Pass Hona Hai: Study these exact granular topics — "Limited Liability Partnership — definition, characteristics, eligibility & relationship of partners", "Bailment — definition and essential elements", "Contingent Contract — rules regarding enforcement", "Condition vs Warranty + implied conditions in sale of goods", "Cheque — definition and difference from Bill of Exchange", "Promissory Note — definition and parties", "Caveat Emptor — exceptions", "Contract — essentials of a valid contract". Kyun? Yeh 8 topics cover the most repeatedly asked high-mark areas (LLP, Bailment, Contingent Contracts, Condition vs Warranty, Negotiable Instruments, Promissory Note, Caveat Emptor, Essentials of Contract) and together let a student attempt at least 40-50% of actual questions: LLP and Bailment alone appear as long questions every year (big marks), Condition vs Warranty + Contingent Contracts and Cheque/Promissory Note appear regularly, and Caveat Emptor + essentials of contract appear repeatedly in short/medium questions. Focus these topics with the paper-specific bullets above and you can confidently secure a pass-tier score.
