Overall Exam Strategy

Bas Pass Hona Hai: Study these exact granular topics — 'Bailment: definition and essential elements', 'Condition vs Warranty: distinction and implied conditions', 'Contingent Contract: definition and rules of enforcement', 'Cheque: definition and distinction from Bill of Exchange', 'Contract: definition (when agreement becomes contract)', 'LLP: definition and legal characteristics', 'LLP: procedure for incorporation', 'Promissory Note: definition and parties'. Yeh selected topics collectively let you answer a large chunk of repeated short and long questions: bailment, contingent contracts, condition/warranty and negotiable instruments (cheque/promissory note/bill) plus LLP questions appeared across most papers and cover many 15-mark and short questions. Strategy: rote the exact phrasing and lists papers asked (e.g., 'exceptions to caveat emptor', 'implied conditions', 'enforcement rules of contingent contract'), practise one 15-mark answer for each listed long topic and memorise 4-6 bullet points for every short topic.
