Detailed Study Notes

Read these notes carefully — they're based on actual patterns found in your past papers.

1. Depository Participant (DP) role & purpose of Demat account

High Conf.

High Priority

Appeared in: Paper 1 · Paper 2 · Paper 3 · Paper 4 · 4× total

Question types: MCQ: 3-4 | Short: 1

Kya Padhna Hai:

- Exact phrase tested: "serves as an intermediary between the investor and the depository" (DP definition)
- Purpose: "For holding and transferring securities in the Demat form" (account objective)
- Practical steps: "open a 'Demat' account or 'Beneficial owner' account with a depository participant" (process wording)
- Difference from broker functions: DP holds securities vs broker executes trades (as seen in trading steps questions)

Kaise Poochha Jaata Hai:

Mostly MCQ asking identification/definition; occasionally part of trading sequence or explanation in short-answer (3-mark) form.

Repeat Pattern:

Har paper mein DP/demat appears as MCQ or in trading procedure — consistent across all 4 papers.

Key Terms:

Depository Participant

Demat account

Beneficial owner account

Holding and transferring securities

2. Trading and settlement steps on Stock Exchange (order of execution and contract note)

High Conf.

High Priority

Appeared in: Paper 3 · Paper 4 · Paper 2 · 3× total

Question types: MCQ: 1-2 | Short: 1

Kya Padhna Hai:

- Steps wording tested: "investor then places an order", "broker will then go online", "order will be executed electronically", "within 24 hours the broker issues a contract note"
- Related requirement: "open a bank account for cash transactions" (paper phrasing)
- Settlement term: rolling settlement / T+2 (Paper 3 reference)
- Documents: "contract note" issuance timing (24 hours) as exact tested phrase

Kaise Poochha Jaata Hai:

Sequence ordering MCQ (place steps in correct order) and short answer referencing specific step timing/what each actor does.

Repeat Pattern:

Trading/settlement sequencing asked repeatedly (Paper 3 and Paper 4 explicit), same format each time -> stable pattern.

Key Terms:

Order placement

Electronic execution

Contract note

Rolling settlement / T+2

3. SEBI functions: protective vs non-protective (regulatory, research, promotion)

High Conf.

High Priority

Appeared in: Paper 1 · Paper 2 · Paper 4 · 3× total

Question types: MCQ: 1-2 | Short: 1

Kya Padhna Hai:

- Protective functions tested: "Prohibition of fraudulent and unfair trade practices" and "Controlling insider trading" (Paper 1 phrasing)
- Regulatory functions tested: "Registration of brokers and sub-brokers" (Paper 4)
- Non-protective phrasing tested as distractor: "Conducting research and publishing information" (appears as option in Paper 1)
- Promotion/Code of conduct: "Promotion of fair practices and code of conduct" (verbatim option)

Kaise Poochha Jaata Hai:

MCQ where one function is asked to be identified as regulatory/protective or not; sometimes as option in assertion-type questions.

Repeat Pattern:

SEBI functions appear across years as MCQ options; candidate must distinguish protective vs regulatory vs promotional activities.

Key Terms:

Regulatory function

Prohibition of fraudulent practices

Insider trading control

Registration of intermediaries

4. Consumer rights & redressal: reliefs available (replacement/refund/compensation/repair)

High Conf.

High Priority

Appeared in: Paper 1 · Paper 2 · Paper 4 · 3× total

Question types: MCQ: 1-2 | Short: 2-3 | Case Study: 1 (Aditi case)

Kya Padhna Hai:

- Remedies tested in Aditi case: "replace the product", "refund money", "compensation" (question: 'State any three reliefs available to Aditi')
- Consumer rights wording tested: "Right to be informed", "Right to be assured/choose", "Right to seek redressal" (verbatim options)
- Procedure evidence: filing complaint in appropriate consumer court (case phrasing)
- Documents/responsibilities: need to produce "invoice and records of communication" as proof (paper phrase)

Kaise Poochha Jaata Hai:

Short answer case-based question (3 marks) asking to 'State any three reliefs' and MCQs on which right provides what freedom.

Repeat Pattern:

Consumer reliefs & rights recur across papers in case vignettes and MCQs — answer format is short, 2–3 concrete reliefs.

Key Terms:

Replacement

Refund

Compensation

Cash memo / invoice

5. Business environment characteristic: Dynamic nature (frequent plan revision)

High Conf.

High Priority

Appeared in: Paper 1 · Paper 2 · Paper 3 · 3× total

Question types: MCQ: 2-3 | Short: 1 | Case Study: 1

Kya Padhna Hai:

- Verbatim tested phrase: "Rapid technological improvements... push the company to revise its plans frequently" !' Dynamic nature
- Related concept: "Inter-relatedness" and "Complexity" also appear as options, know differences (paper phrasing)
- Example cases: Gamma Ltd. smartphone production revision (Paper 1) and Renew Ltd. market-share fall (Paper 2)
- How to answer: identify trigger (tech change, consumer preferences, new entrants) and call it 'Dynamic nature' using the same wording

Kaise Poochha Jaata Hai:

MCQ asking 'This reflects which characteristic of business environment ?' and short-answer case explanations.

Repeat Pattern:

Characteristic 'Dynamic nature' appears repeatedly in case-MCQs across papers -> strong pattern.

Key Terms:

Dynamic nature

Technological change

Consumer preferences

Market entrants

6. Controlling process steps: measurement, comparison, deviation analysis, corrective action

High Conf.

High Priority

Appeared in: Paper 1 · Paper 2 · Paper 3 · Paper 4 · 4× total

Question types: MCQ: 2-3 | Short: 2-3 | Case Study: 1

Kya Padhna Hai:

- Exact sequence tested: "Setting performance standards" ! "Measurement of actual performance" ! "Comparing actual performance with standards" ! "Taking corrective action" (Paper 1 phrasing)
- Recognise examples: revising standards when defect rate not reduced (Paper 4: revise standards) and corrective action (training + hire more workers) (Paper 1)
- Distinction between 'analysing deviations' and 'taking corrective action' as separate MCQ options
- How to write short answer: name the specific step used (e.g., 'Taking corrective action') and cite corrective measures from scenario

Kaise Poochha Jaata Hai:

- MCQ to identify which step was followed; short 3-mark case questions asking which step/steps manager used.

Repeat Pattern:

Controlling-step questions appear every paper in similar MCQ/short-case format — very consistent.

Key Terms:

Measurement

Comparison

Deviation analysis

Corrective action

7. Organising process: Identification & division of work (assignment of duties, departmentalisation, authority & reporting)

High Conf.

High Priority

Appeared in: Paper 1 · Paper 2 · Paper 3 · Paper 4 · 4× total

- Match which source used for which level: high-trust via employee referral; specialized roles via agencies; casual workers via notice board/on-spot selection (Paper 2 passage)
- Understand advantages/disadvantages as asked in short answers (papers used this framing)

Kaise Poochha Jaata Hai:

Short 4-mark case-based question asking 'State the external/internal sources used' or MCQ selecting one source.

Repeat Pattern:

Recruitment sources discussed in multiple case vignettes across papers with same categories repeated.

Key Terms:

Transfers

Promotions

Employee recommendation

Recruitment agencies

10. Organisational structure types: Functional vs Divisional meaning and advantages/disadvantages

High Conf.

High Priority

Appeared in: Paper 2 · Paper 3 · Paper 4 · 3× total

Question types: MCQ: 2-3 | Short: 1-2 | Long: 1-2 | Case Study: 2

Kya Padhna Hai:

- Definitions tested verbatim: functional organisation (specialisation by function) and divisional/departmental structure (product/territory based divisions)
- Advantages/disadvantages phrasing used in papers: 'facilitates expansion', 'training easier', 'duplication of activities', 'occupational specialisation' (exact options)
- Case signals: separate production/marketing departments causing conflicts (Global Tech case) = problems of functional structure
- Be ready to state two advantages and two limitations using paper language

Kaise Poochha Jaata Hai:

Matching MCQs and 6-mark case questions asking identify-type and give advantages/disadvantages.

Repeat Pattern:

Organization type distinctions used frequently in MCQs and longer cases across papers.

Key Terms:

Functional structure

Divisional structure

Coordination

Duplication

11. Packaging levels: primary vs secondary vs transportation

Medium Conf.

Medium Priority

Appeared in: Paper 1 · Paper 3 · 2× total

Question types: MCQ: 1-2

Kya Padhna Hai:

- Exact tested wording: "Which level of packaging does the glass bottle represent ?" (primary/secondary)
- Definitions: Primary packaging = container that holds product (verbatim option usage)
- Distinguish from secondary: "decorative cardboard box" as secondary (paper implicit)
- Transportation/general packaging definitions appear in MCQ options and must be memorised as per papers

Kaise Poochha Jaata Hai:

Straight MCQ asking to identify which level the inner container/labelled bottle represents.

Repeat Pattern:

Seen in Paper 1 MCQ and similar product-labelling MCQs in other years — consistent small MCQ testing.

Key Terms:

Primary packaging

Secondary packaging

Transportation packaging

Label information

12. Divisional structure: advantages and NOT-an-advantage (effects on duplication, autonomy)

Medium Conf.

Medium Priority

Appeared in: Paper 1 · Paper 2 · 2× total

Question types: MCQ: 2

Kya Padhna Hai:

- Verbatim options tested as advantages: 'promote flexibility and initiative', 'autonomous unit' (Paper 2)
- Tested disadvantage distractor: 'leads to minimal duplication of effort' marked false in some question variants — know the correct negative
- Example scenario: Deccan Motors shifting to divisional structure (Paper 2) to get 'autonomy' and faster decision making
- Know difference vs functional: divisional prepares managers for higher positions (paper phrasing)

Kaise Poochha Jaata Hai:

MCQ asking to identify which is a benefit or which is not an advantage of divisional structure.

Repeat Pattern:

Divisional vs functional structure appears in MCQs in multiple papers — similar distractors used.

Key Terms:

Divisional structure

Autonomous units

Flexibility

Duplication of effort

13. Selection process steps NOT mentioned (identify missing 3 steps) — tests, interviews, appointment letter vs earlier steps (screening, shortlisting, preliminary interaction)

Medium Conf.

Medium Priority

Appeared in: Paper 2 · Paper 3 · 2× total

Question types: Long: 2 (6-mark) | Case Study: 2

Kya Padhna Hai:

- Exact selection steps phrasing asked: 'screening application forms', 'shortlist & preliminary interactions', 'tests to measure intelligence/personality', 'formal in-depth interview', 'appointment letter' (Paper 2 vignette)
- The papers explicitly note that three steps were done earlier but not mentioned; know common three earlier steps: 'advertisement, receipt & preliminary screening, shortlisting' as tested
- For process answer, quote phrases like 'asked to take a test', 'invited for a formal in-depth conversation', 'job offer through appointment letter'
- Distinguish selection from recruitment; use the exact steps and their order as papers expect

Kaise Poochha Jaata Hai:

6-mark question asking 'Identify and explain the steps' or 'Which three steps were already done?' referencing the case narrative.

Repeat Pattern:

Selection steps case question format repeated in Paper 2 and Paper 3 with slight wording differences.

Key Terms:

Screening

Shortlisting

Testing

Interview

Appointment letter

14. Marketing management philosophies:

Medium Conf.

Medium Priority

Production, Product, Selling, Societal (identify shift examples)

Appeared in: Paper 2 · Paper 1 · 2× total
