Overall Exam Strategy

Bas Pass Hona Hai: Prioritize mastering the exact phrasing and step lists for high-frequency long-answer topics — Decision Making (elements & process), Process of Planning, Process of Controlling, Delegation (necessity & factors), Forms of Organisation, and Motivation theories (Maslow). For VSA items (span of control, formal communication, scientific management, line organization, coordination),

memorize concise definitions and one example each. Focus answers in exam on stepwise lists, clear headings, and one-line examples to secure the bulk of marks.
