Overall Exam Strategy

Bas Pass Hona Hai: Study these exact granular topics — 'Definition of Management', 'Decision Making: elements/process', 'Process of Planning (steps & objectives)', 'Control: meaning, importance & process', 'Motivation: definition, nature and styles', 'Maslow's Hierarchy of Needs', 'Delegation of Authority: meaning, necessity, factors', 'Delegation vs Decentralisation (difference)', 'Organisation: definition and forms/types', 'Communication: definition, types & characteristics of good communication'. Yeh 10 specific topics cover at least 40-50% of questions because papers repeatedly ask definitions + processes/steps + one named theory/comparison in long/short formats. Focus karne ka plan: memorize exact phrasing for definitions, 5–6 bullet steps for processes (planning, decision-making, controlling), list-style differences for comparisons (delegation vs decentralisation; authority vs responsibility), and Maslow's 5 levels with 2-line managerial application. In exam, use headings (Definition; Steps/Elements; Importance; Factors/Examples) to hit required sub-parts quickly and get pass marks.
